Robert can answer what he can. I will try to have something by the end of this day. Is that soon enough? Then you can get it approved?

Hey Mike – I know you're busy with Libby this week – is there someone else who could put responses to these questions together? I wasn't sure if Robert is back yet.

Subject: CFAC questions

Hi Lisa,

I've been compiling some questions that I will have you pass on to HQ. Thanks!

I'll probably be sending you more in the coming days/weeks as I think of them.

- 1) Designated superfund site correct? Will the budget cuts affect this clean up at all? And if it will how? Will there be enough money to cover the clean up? Partial clean up? How much money is being set aside for CFAC clean up? How long will clean up take?
- 2) Compared to Libby asbestos situation how bad is the contamination? Is it as bad? Not that bad?
- 3) Was there any settlement money with the company like the WR Grace settlement?
- 4) How will residents in Columbia Falls be affected? Health wise? Are old workers who used to work at CFAC health impacted? How so?

5) What should residents in Columbia Falls be concerned about? Educated about?

Best,

MAREN SIU
